Then you'll get to grips with town driving and practice reversing and parking manoeuvres. We will also help you prepare for your theory test. Later we'll take you on some of the busiest roads and roundabouts in the area where you will learn how to drive with confidence in traffic, practicing on routes which may well come up in your practical test.

On the day of your practical driving test your instructor will pick you up and take you to the driving test centre and return you home afterwards.
